Massive Skills Test Library

Select from over 800 standard job-based and subject-based tests, or easily customize relevant tests from thousands of subjects across a vast number of job functions. eSkill's test coverage is the broadest in the industry, and covers areas such as IT, Retail, Business Administration, Call Center, Industrial, Healthcare, plus many more.

Easy to Use Interface for Clients

After research and evaluation for a comprehensive and cost-effective way to create online tests for new hire assessments, we were delighted when we found eSkill. With easy-to-use features we are able to create, modify and edit tests quickly.

Positive Assessment Taker Experience

Typically, I hate assessments because they aren't relevant to my being successful in sales. This one was so relevant, I actually enjoyed taking it!

- Best Regards, Lori Borchers
